Address of the Exhibition Centre Director

Dear organizers, participants and guests of exhibitions!

Exhibition and fair activity is undoubtedly of great significance in the modern world since it reflects global tendencies and social, economic and political situation in the country. Exhibition and congress events contribute to the development of economy in general and its separate sectors in particular.

Being a meeting place for representatives of business community – producers, distributors, investors, clients, and representatives of state authorities, exhibition events contribute to successful promotion, expansion of existing borders of the market of goods and services, a place for solution of urgent problems in branches.

Moscow possessing powerful potential is the recognized exhibition center of Eastern Europe and the CIS countries. And Crocus Expo International Exhibition Center ranks at the top among the exhibition centers of Russia and Eastern Europe.

Every year more than 50 Russian and international companies hold exhibition and business events on the fairgrounds. The majority of the events are supported by the state.

Crocus Expo is one of the largest and prestigious exhibition platforms of the world conforming to the international standards of the expo industry and facilitated with modern equipment. For 20 years we have been monitoring the quality of services and expanding their range aiming to provide you with the most comfortable conditions for solution of business challenges.

We do everything to ensure our cooperation to be effective and long-term!

Exhibition Centre description

Crocus Expo is one of the largest and modern expo venues of the world, offering full range of services for holding exhibition and congress events.

According to the feedback from more than 90% of foreign exhibitors Crocus Expo is considered to be the most perspective expo grounds in Russia. The venue meets and exceeds the highest standards set by the leading exhibition complexes of the world.

Crocus Expo
territory comprises
today more than
1 000 000 sq m

Crocus Expo is a multipurpose business arena for holding large international and national exhibitions, congress events and other large-scale and significant events. Exhibition spaces allow fitting premises to projects of any format and level of complexity.

Aquarium Hotel *** located in Pavilion 3 offers 225 rooms providing comfortable accommodation for the guests of the complex in close proximity to the exhibition pavilions.

- 3 pavilions linked together by indoor passageways
- exhibition and conference halls
- indoor and outdoor free parking lots
- customs clearance station releasing cargoes right on site

Crocus City infrastructure

Crocus Expo is part of the Crocus City trade and exhibition complex. All objects located on the territory of this «satellite town» of Moscow are at the disposal for the guests of the exhibition center: shopping mall with a movie theater, a skating rink and other «points of attraction» for the whole family, shops and boutiques, a concert hall, restaurants, a yacht club, a hotel and free parking lots.

All Crocus Expo pavilions are interconnected among themselves and other Crocus City objects by enclosed passageways. It allows participants and visitors of events to move comfortably from fairgrounds to shopping centers, hotel, concert hall or metro station without going outside.

Transport accessibility

Crocus Expo boasts a well developed transport infrastructure – it is located on the outer side of the Moscow Motor Ring (65-66 km) and on the crossing of arterial highways of the capital, the location and availability of several exits from the highway and free parking lots makes the arrival to the complex by car very convenient.

Besides Myakinino metro station is located right on the Crocus City territory. Covered passageways provide accessibility not only to pavilions of the exhibition centre but also there are skywalks to VEGAS Trade and Entertainment Complex, Crocus City Mall and Tvoi Dom mega store. Thus a comfortable visitors' flow movement is secured regardless of weather conditions.

Availability of the metro station and also proximity of the pedestrian bridge from the suburban area – the Pavshino meadow – contribute to extra inflow of visitors.
